REVEAL

www.reveal-eu.org

Dear all,

Instead of long minutes we prepared an animated folder of snapshots from our 6th REVEAL conference in Göttingen, June 1st. Enjoy it!

It was great to have you with us and I am extremely happy that REVEAL has taken another decisive step in the right direction. On behalf of our Göttingen team I can say that we all enjoyed the time with you and that we are very much looking forward to our next meeting in autumn.

By then we will have a concept on:

- products and services,
- value proposition of different scenarios,
- a business plan, and
- a fully fledged organisational development plan ready for final discussions and adoption.

We would like to thank each one of you for your valuable contributions, your commitment and all your support for our common idea.

Following our great meeting we received good news on Monday that another LEVEL5 project has been proposed to the Commission for funding – a decentralised Leonardo da Vinci Tol dealing with “continuing professional development for adult educators” called PROVIDE. Hope there will be more to come...

2012 will be a decisive year for LEVEL5 and REVEAL – let’s go for it!

All the best – stay tuned!
